ArtLab invites your students out of their classrooms and into our galleries for an engaging, interactive experience. Led by trained volunteer docents, ArtLab tours provide students the opportunity to see art, build vocabulary through discussion, and create original works of their own with a KIA studio artist. Students will make connections between classroom learning and the Museum experience, exercise their creative and analytical skills, and increase visual literacy using the language of art. ArtLab visits are two hours long and take place in conjunction with a docent tour.
