

## #575 Felt Poppy Necklace

Materials list:

A one-gallon plastic bucket or beach pail (dollar store)

3 bath sized towels

Regular Dawn liquid dish soap or a bar of olive oil soap

Sharp Pointy scissors

Notebook, pen, and a Sharpie marker

Ballbauser or laundry sprinkler bottle (I will have several to share if you don't have one)

Stretchy shoelaces or strips of fabric (approx. 18" in length)

- *which we will use to tie our bundles to secure for rolling of the felt an old t-shirt (cut into strips works great, too)*

Waterproof apron (optional)

**\* Bubble wrap, small bubbles, 2 feet wide X 6 feet long**

\* The bubble wrap (just the plain small-bubble type) is available at Wal-Mart, Target & Meijer's (office supply section), and Home Depot or any home improvement store (Storage & Organization, Moving/Packing Supplies Department).

If you have any trouble finding the 24" width, you can bring 12" width and we can tape it together to make for the wider width (if going that route you will need 12 feet, so that when taped together it will be 6 feet).

I'll bring a roll of Duck tape in case anyone needs to tape narrower widths together.
